LinkedIn: [linkedin.com/in/srigurumurthys](https://www.linkedin.com/in/srigurumurthys)

Location: Thoothukudi,Tamilnadu, India.

### **PROFESSIONAL SUMMARY**

Passionate Flutter Developer with over 2 years of experience in designing, developing, and publishing high-quality mobile applications. Proficient in Dart, Firebase, and state management frameworks including Provider, GetX. Demonstrated ability to deliver production-ready apps on Google Play Store and App Store, enhancing user engagement and app performance. Strong collaborator with backend and design teams, skilled in API integration and reusable component development. Currently expanding expertise in automation tools and advanced Flutter concepts.

### **PROFESSIONAL EXPERIENCE**

Flutter Developer

#### **NATVIK TECHNOLOGIES PRIVATE LIMITED, Madurai**

September 2025 – Present

- Developed and maintained multiple high-quality Flutter mobile applications, consistently delivering projects ahead of deadlines.
- Collaborated with UI/UX teams to build visually appealing, responsive, and user-friendly interfaces.
- Worked closely with backend teams to define API structures and performed seamless API integrations..
- Created and optimized reusable Flutter widgets and components, contributing to the company's shared component library and reducing development time.

Flutter Developer

#### **WIZHCOMM CONSULTANTS AND TECHNOLOGIES PRIVATE LIMITED, Chennai**

November 2023 – September 2025

- Developed core modules for **BBPPL HIVE – ROCA Parryware**, including attendance management, GPS/location-based features, and target/achievement workflows.
- Implemented features to track real-time distances traveled (KM calculation) using GPS.
- Built data-driven dashboards and generated detailed Excel/PDF reports for field employee performance.

- Improved app performance, optimized API calls, and enhanced overall user experience.

## **PROJECTS**

### **Parryware Bandhan (Google Play Store - 100,000+ users and App Store)**

- Developed an app connecting plumbers with Parryware World.
- Features include bill/invoice uploads, gift redemption, and order management.

### **Parryware Partner (Google Play Store - 50,000+ users and App Store)**

- Created an app connecting retailers with Parryware World.
- Implemented invoice submission, rewards processing, and a simplified UI with three main menus.

### **RBPL HIVE (Google Play Store and App Store)**

- Delivered functionalities for attendance tracking, GPS-based location tracking, kilometer calculation, and report generation.

### **Parryware Databank (Google Playstore and App Store)**

- Converting legacy Android codebase to Flutter using GetX State Management in MVC architecture for improved maintainability and performance.

## **TECHNICAL SKILLS**

- Programming Languages: Dart, Python, Java
- Frameworks & Tools: Flutter, Firebase, GetX, Provider, BLoC, Tailwind CSS
- Databases: MySQL, Mongo DB
- Version Control: Git, GitHub
- API Testing: Postman
- App Publishing Platforms : Google Playstore and App Store
- LANGUAGES Tamil (Native) ,English (Fluent)

## **EDUCATION**

Bachelor of Engineering (B.E.), Mechanical Engineering

SNS College of Engineering, Coimbatore

August 2017 – November 2021

## **KEY ACHIEVEMENTS**

- Developed and published 5+ Flutter applications on Google Play Store and App Store with over 150,000 combined users.
- Enhanced app performance and user engagement through targeted optimization techniques.
